

Board of Education
Township of Ocean Schools
2018– 2019 Goals

1. Monitor the second year of the Five-year strategic plan.
2. Continue to improve financial and operational efficiencies by reviewing and expanding current shared services, increase revenue streams and leverage technology to reduce expenses. – (A) Regular meetings with the municipality, review of the administration building and increasing tuition students from individuals and from other school districts. (B) Review and prepare for forecasted decrease in state aid over the next 5 years. (C) Work with legislators and the Department of Education to eliminate or minimize forecasted loss in state aid.
3. Continue the Negotiations process for a successor agreement with the Township of Ocean Education Association.
4. Complete the Technology Department review and assessment of the District infrastructure and technology – (A) Review of the outside technology audit inclusive of any action items recommended to be implemented. (B) Begin a Website redesign process. (C) Review effectiveness of paperless Board of Education meetings.
5. Effectively communicate with all stakeholders to ensure a positive educational climate within the district and community. - (A) Continue new electronic newsletter. (B) Convert district communications to include multiple languages. (C) Promote a redesigned website to the parents and community.
6. Review district wide security procedures and policies. Initiate Class III officer shared services program with the municipality. – (A) Start the Class III officer program and begin to evaluate the program’s effectiveness. (B) Initiate the establishment of a district security committee.
