## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

Time Frame	Week 1
Topic	
Unit 1: Intro to Ceramics/History	
Essential Questions	
<ul style="list-style-type: none"><li>• Does Art define culture? Or, does culture define Art?</li><li>• How was Art created in the past affect Art today?</li><li>• How important is “new” in Art?</li><li>• What is the value of handmade art and objects in our world today?</li></ul>	
Enduring Understandings	
<ul style="list-style-type: none"><li>• Students will understand that culture affects self-expression whether we realize it or not.</li><li>• Students will understand that every artist has a style; every period has a style.</li><li>• Students will explore how technology affects the arts.</li><li>• Students will understand how artifacts reflect various cultures in history.</li></ul>	
Alignment to Standards	
1.5.12prof.Cr1b: Shape an artistic investigation of an aspect of present-day life using a contemporary practice of art and design.	
1.5.12prof.Pr4a: Analyze, select and curate artifacts and/or artworks for presentation and preservation.	
1.5.12acc.Pr6a: Make, explain and justify connections between artists or artwork and social, cultural and political history.	
Learning Activities & Key Concepts and Skills	
<ul style="list-style-type: none"><li>• Students will be able to identify historical origins of ceramic techniques.</li><li>• Students will be able to recognize various milestones in ceramic history</li></ul>	

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

- Students will work collaboratively and use technology to create a visual timeline of various historical/ cultural ceramic milestones.
- Students will be able to recognize the cultural impact of ceramics throughout history.
- Students will be able to identify how various ceramic structures were constructed.

### Assessments

#### **Benchmark:**

- Written quiz on ceramic history and techniques

#### **Formative:**

- Verify student notes.
- Research specific time periods.

#### **Summative:**

- Presentation of ceramic history timeline

#### **Alternative:**

- Observation of class and online discussions
- Kahoot!/other digital assessments

### Career Education

CRP2. Apply appropriate academic and technical skills.  
CRP4. Communicate clearly and effectively and with reason.  
CRP7. Employ valid and reliable research strategies.  
CRP12. Work productively in teams while using cultural global competence.

### Career Readiness, Life Literacies, and Key Skills

9.3.12.AR-VIS.2 Analyze how the application of visual arts elements and principles of design communicate and express ideas.  
9.4.12.CI.1: Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12.prof.CR3a).

### Interdisciplinary Connections

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

Ceramic History Timeline Assignment:

- LA.9-10.W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

## Technology Integration

Students will use Google Classroom to collaborate, work towards solving authentic problems, or participate in an online classroom discussion utilizing pre-learned etiquette about blended learning platforms.

- 9.4.12.TL.4: Collaborate in online learning communities or social networks or virtual worlds to analyze and propose a resolution to a real-world problem.

Students will access and assess digital resources to conduct research and investigations which extend their knowledge.

- 9.4.12.IML.2: Evaluate digital sources for timeliness, accuracy, perspective, credibility of the source, and relevance of information, in media, data, or other resources.

Additional resources and extension activities will be posted on Google Classroom or other collaborative platforms in order to encourage students to reflect on their learning, the role of technology in facilitating collaboration, and to expand on their knowledge.

- 9.4.12.TL.3: Analyze the effectiveness of the process and quality of collaborative environment.

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

Time Frame	Week 2
Topic	
Unit 2: Procedures, Properties & Vocabulary, Intro to Hand Building: Pinch Pot	
Essential Questions	
<ul style="list-style-type: none"><li>• What is the value of specific terminology in respect to clay construction?</li><li>• Why are specific procedures needed to create ceramic structures?</li><li>• How can we engage in sustainable art making practices?</li></ul>	
Enduring Understandings	
<ul style="list-style-type: none"><li>• Students will recognize that specific vocabulary is necessary to understand and communicate in the creation of art.</li><li>• Students will use specific practices and procedures that are essential to safely creating ceramic structures.</li><li>• Students will understand where raw ceramic materials are sourced &amp; their environmental impact.</li><li>• Students will engage in sustainable art making practices.</li><li>• Students will understand which ceramic construction methods are more conducive to obtaining specific structures.</li><li>• Students will incorporate creativity and imagination in combination with specific skills and disciplines to create quality products.</li><li>• Students will understand that reflection &amp; self-critique are an essential component to the creation of all art.</li></ul>	
Alignment to Standards	
1.5.12prof.Cr2b: Explain how traditional and non-traditional materials may impact human health and the environment, and demonstrate safe handling of materials, tools and equipment.	
1.5.12prof.Cr2a: Engage in making a work of art or design without having a preconceived plan.	
1.5.12prof.Cr1a: Use multiple approaches to begin creative endeavors.	

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

1.5.12acc.Cr2a: Through experimentation, practice and persistence, demonstrate acquisition of skills and knowledge in a chosen art form.

1.5.12prof.Cn11b: Describe how knowledge of global issues, including climate change, may influence personal responses to art.

1.5.12acc.Cn11b: Compare uses of art in a variety of societal, cultural and historical contexts and make connections to global issues, including climate change.

### Learning Activities & Key Concepts and Skills

- Teacher lead review and discussion of “official” vocabulary reference sheet.
- Students will apply terms and procedures essential to ceramic construction.
- Reinforcement of vocabulary as it applies to assignments throughout the term.
- Students will demonstrate specific ceramic vocabulary comprehension through construction.
- Students will engage in cooperative discussion of proper handling and construction techniques.
- Students will apply ceramic procedures to construction of pinch pot projects.
- Students will learn & utilize sustainable practices such as conserving material and following proper clean-up procedures

### Assessments

#### **Formative:**

- Written quiz.
- Verbal quiz games.
- Completion of practice exercise with teacher-led demonstration of pinch pot technique

#### **Summative:**

- Completion of final student-designed pinch pot projects

#### **Alternative:**

- Observation of class discussions
- Google Classroom reflection assignment using Google Slides

### Career Education

CRP2. Apply appropriate academic and technical skills.

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

Time Frame	Week 3
Topic	
Unit 3: Elements and Principles/Critique	
Essential Questions	
<ul style="list-style-type: none"><li>• How do we interpret and understand Art?</li><li>• How do the underlying building blocks of art affect the creation of ceramics?</li><li>• What is critique?</li><li>• What makes critique valid?</li></ul>	
Enduring Understandings	
<ul style="list-style-type: none"><li>• Students will understand that all Art has specific underlying characteristics which can be used as tools that will help to construct, compare and analyze individual pieces.</li><li>• Students can refer to the Elements and Principles as guidelines in the creation of their work.</li><li>• Students will discover how Art is judged.</li></ul>	
Alignment to Standards	
<p>1.5.12prof.Re8a: Interpret an artwork or collection of works, supported by relevant and sufficient evidence found in the work and its various contexts.</p> <p>1.5.12prof.Cn11a: Describe how knowledge of culture, traditions and history may influence personal responses to art.</p>	
Learning Activities & Key Concepts and Skills	
<ul style="list-style-type: none"><li>• Students will consider cultural context and history affects “What is beautiful” and discuss using Flipgrid.</li><li>• Students will develop and demonstrate essential vocabulary necessary to critique ceramic pieces.</li><li>• Students will recognize and classify the Elements and Principles of Art in various ceramic work created by prior students.</li></ul>

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

- Students will engage in critical thinking through utilizing the Feldman's Method of Art Criticism
- Student participation in PowerPoint presentation on Elements & Principles of Art.
- Teacher/student dialog on effective critique.
- Student critique: group discussion and individual written.

### Assessments

#### **Formative:**

- Teacher re-enforcement, inquiry and discussion of student critique.
- Quiz on vocabulary.
- Critique modeling.

#### **Alternative:**

- Observation of class and online discussions using Flipgrid

#### **Summative Assessment:**

- Student presentations.

### Career Education

CRP2. Apply appropriate academic and technical skills.  
CRP4. Communicate clearly and effectively and with reason.

### Career Readiness, Life Literacies, and Key Skills

9.3.12.AR-VIS.2 Analyze how the application of visual arts elements and principles of design communicate and express ideas.  
9.4.12.CI.1: Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12.prof.CR3a).

### Interdisciplinary Connections

Written critique using the Feldman's Method of Art Criticism:

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

- LA.9-10.W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

### Technology Integration

Additional resources and extension activities will be posted on Google Classroom or other collaborative platforms in order to encourage students to reflect on their learning, the role of technology in facilitating collaboration, and to expand on their knowledge.

- 9.4.12.TL.3: Analyze the effectiveness of the process and quality of collaborative environment.

Time Frame

Weeks 4-5

### Topic

Unit 4: Hand Building Techniques: Coil and Intro to Glazing

### Essential Questions

- How do specific hand building techniques affect structure and form?
- What techniques are best suited for specific ceramic structures?
- What is the significance of the coil construction method in different cultural contexts throughout ceramic history?
- How is glazing a part of the Elements & Principles of Art?
- How are aesthetic components important to a finished piece?
- How can critique affect the creation of artwork?

### Enduring Understandings

- Students will understand which ceramic construction methods are more conducive to obtaining specific structures.
- Students will make connections between historical processes and contemporary ceramic practice

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

- Students will incorporate creativity and imagination in combination with specific skills and disciplines to create quality products.
- Students will understand that reflection & self-critique are an essential component to the creation of all art.
- Students will understand that the Elements and Principles of Art are an integral part of the creative process.
- Students will understand the firing process for finishing ceramics.

### Alignment to Standards

1.5.12prof.Cr1a: Use multiple approaches to begin creative endeavors.

1.5.12acc.Cr3a: Engage in constructive critique with peers, then reflect on, re-engage, revise, and refine works of art and design in response to personal artistic vision.

1.5.12acc.Cr2a: Through experimentation, practice and persistence, demonstrate acquisition of skills and knowledge in a chosen art form.

1.5.12prof.Cr3a: Apply relevant criteria from traditional and contemporary cultural contexts to examine, reflect on and plan revisions for works of art and design in progress.

### Learning Activities & Key Concepts and Skills

- Students will learn to make and use coils for building through teacher-guided practice exercises.
- Students will glaze their work in order to aesthetically and structurally enhance their projects.
- Students will apply the Elements & Principles of Art when creating and assessing artwork.
- Students will self-critique while planning and executing their projects.
- Students will manage time and materials to complete projects.
- Students will reflect on feedback from critiques and experience to inform creative decision making

### Assessments

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

### **Formative:**

- On-going teacher evaluation and feedback during construction.
- Self-critique and group critiques.

### **Alternative:**

- Observation of class and online discussions
- Google Classroom reflection assignment using Google Slides

### **Summative:**

- Students will submit structures for teacher evaluation per project.

## Career Education

CRP2. Apply appropriate academic and technical skills.

CRP4. Communicate clearly and effectively and with reason.

CRP7. Employ valid and reliable research strategies.

CRP12. Work productively in teams while using cultural global competence.

## Career Readiness, Life Literacies, and Key Skills

9.3.12.AR-VIS.2 Analyze how the application of visual arts elements and principles of design communicate and express ideas.

9.4.12.CI.1: Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).

## Interdisciplinary Connections

Written critique and reflection:

- LA.9-10.W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

## Technology Integration

Students will access and assess digital resources to conduct research and investigations which extend their knowledge.

- 9.4.12.IML.2: Evaluate digital sources for timeliness, accuracy, perspective, credibility of the source, and relevance of information, in media, data, or other resources.

Time Frame	Week 6
Topic	
Unit 5: Relief Sculpture & Intro to Slab Construction	
Essential Questions	
<ul style="list-style-type: none"><li>• What are the differences between relief and sculpture-in-the-round?</li><li>• How do specific hand building techniques affect structure and form?</li><li>• What techniques are best suited for specific ceramic structures?</li><li>• What is the significance of relief sculpture in different cultural contexts throughout ceramic history?</li><li>• How are aesthetic components important to a finished piece?</li><li>• How is glazing a part of the Elements &amp; Principles of Art?</li><li>• How can critique affect the creation of artwork?</li></ul>	
Enduring Understandings	
<ul style="list-style-type: none"><li>• Students will understand which ceramic construction methods are more conducive to obtaining specific structures.</li><li>• Students will make connections between historical processes and contemporary ceramic practice</li><li>• Students will incorporate creativity and imagination in combination with specific skills and disciplines to create quality products.</li><li>• Students will understand that reflection &amp; self-critique are an essential component to the creation of all art.</li><li>• Students will understand that the Elements and Principles of Art are an integral part of the creative process.</li><li>• Students will understand the firing process for finishing ceramics.</li></ul>	
Alignment to Standards	
1.5.12acc.Pr6a: Make, explain and justify connections between artists or artwork and social, cultural and political history.	

*Home of the Spartans!*  
*#spartanlegacy*

# Township of Ocean Schools

Assistant Superintendent  
Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

1.5.12prof.Cr1a: Use multiple approaches to begin creative endeavors.

1.5.12acc.Cr3a: Engage in constructive critique with peers, then reflect on, re-engage, revise, and refine works of art and design in response to personal artistic vision.

1.5.12acc.Cr2a: Through experimentation, practice and persistence, demonstrate acquisition of skills and knowledge in a chosen art form.

1.5.12prof.Cr3a: Apply relevant criteria from traditional and contemporary cultural contexts to examine, reflect on and plan revisions for works of art and design in progress.

### Learning Activities & Key Concepts and Skills

- Students will utilize the stiff slab method to create a decorative relief tile
- Students will apply a variety of surface design techniques to create relief designs of their choice.
- Students will be able to identify how various ceramic structures were constructed.
- Students will glaze their work in order to aesthetically and structurally enhance their projects.
- Students will apply the Elements & Principles of Art when creating and assessing artwork.
- Students will self-critique while planning and executing their projects.
- Students will manage time and materials to complete projects.
- Students will reflect on feedback from critiques and experience to inform creative decision making

### Assessments

#### **Formative:**

- On-going teacher evaluation and feedback during construction.
- Self-critique and group critiques.

#### **Alternative:**

- Observation of class and online discussions
- Google Classroom reflection assignment using Google Slides

#### **Summative:**

skills and knowledge in a chosen art form.

1.5.12prof.Cn10a: Document the process of developing ideas from early stages to fully elaborated ideas

1.5.12prof.Cr3a: Apply relevant criteria from traditional and contemporary cultural contexts to examine, reflect on and plan revisions for works of art and design in progress.

1.5.12acc.Pr4a: Analyze, select and critique personal artwork for a collection or portfolio presentation.

### Learning Activities & Key Concepts and Skills

- Students will synthesize knowledge of hand building techniques by creating an original sculpture design that incorporates pinch pots, coils, and slabs.
- Students will engage in visual research & idea generation using sketchbook and online resources
- Students will glaze their work in order to aesthetically and structurally enhance their projects.
- Students will apply the Elements & Principles of Art when creating and assessing artwork.
- Students will self-critique while planning and executing their projects.
- Students will manage time and materials to complete projects.
- Students will reflect on feedback from critiques and experience to inform creative decision making.
- Students will write an artist statement to communicate the culmination of their skill building and conceptual development throughout the course.

### Assessments

#### **Formative:**

- Idea generation & visual research in sketchbook.
- On-going teacher evaluation and feedback during construction.
- Self-critique and group critiques.

#### **Alternative:**

- Observation of class and online discussions
- Google Classroom reflection assignment using Google Slides

Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

### **Summative:**

- Students will submit structures for teacher evaluation per project.
- Final artist statement

### **Benchmark:**

- Final critique and portfolio assessment

### Career Education

CRP2. Apply appropriate academic and technical skills.  
CRP4. Communicate clearly and effectively and with reason.  
CRP7. Employ valid and reliable research strategies.  
CRP12. Work productively in teams while using cultural global competence.

### Career Readiness, Life Literacies, and Key Skills

9.3.12.AR-VIS.2 Analyze how the application of visual arts elements and principles of design communicate and express ideas.  
9.4.12.CI.1: Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).

### Interdisciplinary Connections

Written critiques and final artist statement:

- LA.9-10.W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

### Technology Integration

Students will use Google Sites to create their final portfolio.

- 9.4.12.IML.2: Evaluate digital sources for timeliness, accuracy, perspective, credibility of the source, and relevance of information, in media, data, or other resources.
- 9.4.12.DC.6: Select information to post online that positively impacts personal image and future college and career opportunities.

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

Students will access and assess digital resources to conduct research and investigations which extend their knowledge.

- 9.4.12.IML.2: Evaluate digital sources for timeliness, accuracy, perspective, credibility of the source, and relevance of information, in media, data, or other resources.

Additional resources and extension activities will be posted on Google Classroom or other collaborative platforms in order to encourage students to reflect on their learning, the role of technology in facilitating collaboration, and to expand on their knowledge.

- 9.4.12.TL.3: Analyze the effectiveness of the process and quality of collaborative environment.

## Modifications (ELL, Special Education, At-Risk Students, Gifted & Talented, & 504 Plans)

### **ELL:**

- Work toward longer passages as skills in English increase
- Use visuals
- Introduce key vocabulary before lesson
- Teacher models reading aloud daily
- Provide peer tutoring
- Use of Bilingual Dictionary
- Guided notes and/or scaffold outline for written assignments
- Provide students with English Learner leveled readers.

### **Supports for Students With IEPs:**

- Allow extra time to complete assignments or tests
- Guided notes and/or scaffold outline for written assignments
- Work in a small group
- Allow answers to be given orally or dictated
- Use large print books, Braille, or books on CD (digital text)
- Follow all IEP modifications

### **At-Risk Students:**

- Guided notes and/or scaffold outline for written assignments
- Introduce key vocabulary before lesson

Office of Teaching and Learning

## **SPARTAN MISSION:**

*Meeting the needs of all students with a proud tradition of academic excellence.*

- Work in a small group
- Lesson taught again using a differentiated approach
- Allow answers to be given orally or dictated
- Use visuals / Anchor Charts
- Leveled texts according to ability

### **Gifted and Talented:**

- Create an enhanced set of introductory activities (e.g. advance organizers, concept maps, concept puzzles)
- Provide options, alternatives and choices to differentiate and broaden the curriculum
- Organize and offer flexible small group learning activities
- Provide whole group enrichment explorations
- Teach cognitive and methodological skills
- Use center, stations, or contracts
- Organize integrated problem-solving simulations
- Propose interest-based extension activities
- Expose students to beyond level texts.

### **Supports for Students With 504 Plans:**

- Follow all the 504 plan modifications
- Text to speech/audio recorded selections
- Amplification system as needed
- Leveled texts according to ability
- Fine motor skill stations embedded in rotation as needed
- Modified or constrained spelling word lists
- Provide anchor charts with high frequency words and phonemic patterns
