June 2015

Dear Parent/Guardian:

We are soon coming to the close of the 2014-2015 school year, and exams are on the horizon. Students must start preparing for these exams now. Please discuss with your student the importance of preparing for and attending exams. All students are expected to study for at least five hours for each exam.

Each exam block is two hours long. The buses run in the morning and after the last exam. *Students do not need to report to school if they are not scheduled for an exam.* Some students may be eligible for an exam exemption. They should consult the student handbook and speak with their teacher.

Please be aware, if your student receives a 55% for a grade on an exam, he/she never took the exam nor attempted to make it up with the teacher. A 61% indicates failing with some effort. As part of the course requirements, students must take mid-term/final exams. Failure to take an exam results in a forced failure for the course.

If a student fails the last two marking periods of the course, the student will fail for the year. **Students receiving grades of 55% in the last two marking periods will not be eligible for summer school.** Please review your student's handbook for details on this information. The handbook is available online at www.oceanschools.org. Information about "Final Grades", "Failures", "Examinations", and "Summer School", begins on page 14.

Sincerely,

Kelly Weldon

Principal

Final Exams

| | June 15 | June 16 | June 17 | June 18 | June 19 | June 22 |
|-------------------|--------------|--------------------|--------------|------------------------------------|--------------------|------------------|
